NARRATIVE:

Henry Martinez has an extensive adult criminal history that began at the age of 27. His convictions include child cruelty: possible death or injury, domestic violence with injury, multiple burglaries, carrying a concealed weapon on person with prior conviction, credit card fraud, fighting in public and multiple cases of possession of controlled substances. He has served multiple state prison terms, the longest being a 2 year term for child cruelty: possible death or injury. Martinez was released from state prison to the supervision of the Los Angeles County Probation Department on June 4, 2012. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. He subsequently failed to report to his probation officer and an arrest warrant was issued in April 2016 after he absconded from post release community supervision (PRCS). Martinez qualified to be released to the supervision of probation, under AB 109, because his current commitment offense for burglary is defined as non-serious and non-violent under the California penal code. His criminal history and current failure to comply with the terms of release make him a most wanted. If you know his whereabouts please contact...
